

# PICODRAW

## TUBE BENDING / FORMING / DRAWING / STAMPING LUBRICANTS

**PICODRAW bending / forming / drawing / stamping lubricants are foremost in technology and highly recommended for their quality, performance-proven effectiveness, and efficiency.**

**PICODRAW lubricants help lower use consumption, improve safety and handling, and are environmentally compliant.**

**PICODRAW lubricants are performance-proven, eco-friendly, cost effective and safe-to-use single source products.**

**PICODRAW 4030 Gel and PICODRAW 4030 GEL EP:** high-performance "oil-free" synthetic gels for tube bending and forming on ferrous and non-ferrous metals.

**PICODRAW 4030:** multi-purpose "oil-free" synthetic forming, drawing, stamping lubricant for use on ferrous and non-ferrous.

**PICODRAW 4030 HD:** heavy duty, multipurpose, "oil-free" fully synthetic forming, drawing, stamping lubricant for use on ferrous and non-ferrous metals.

**PICODRAW 4030 R:** An "oil-free" synthetic tube bending and forming lubricant for ferrous, non-ferrous, copper, and brass metals.

**PICODRAW 4010:** multipurpose "oil-free" synthetic forming, drawing, stamping lubricant for ferrous and non-ferrous aerospace metals.

**PICODRAW 4042:** A unique multi-purpose "oil-free" synthetic lubricant for drawing, stamping and forming aluminum, carbon, stainless and other alloys.

**PICODRAW 4044 Gel:** "oil-free" and "chlorine free" synthetic tube bending and forming lubricant for use on ferrous and non-ferrous metals.

**PICODRAW 4068:** multipurpose, heavy-duty, chlorine-free, oil-based forming, drawing, stamping lubricant for ferrous, non-ferrous, and aerospace metals.

**PICODRAW 4069:** multipurpose, chlorine-free, midrange viscosity, oil-based forming, drawing, stamping lubricant for ferrous, non-ferrous, and aerospace metals.

**All products are operator friendly and help eliminate excess product waste, labor, and housekeeping burdens on and around equipment, parts, floors. Clean with water or PICO cleaner.**

**PICO Chemical Corporation is an ISO 9001 certified manufacturer of specialty chemicals and lubricants to clean, condition, lubricate, protect and provide value for steel processing, metalworking, metal finishing, metal processing, metal fabrication, steel making and their related applications since 1976.**
