

# PICO PAINT, INK AND COATINGS REMOVERS

Technologically advanced cleaning solutions for the effective, efficient, fast removal of accumulated wet or dried adhesive, ink, paint, latex, resin, high tech and general industrial coatings from production tanks and reactors. Our products are especially effective on such things as reacted alkyd, acrylic, styrene, cross-linked latex, vinyl, epoxy, emulsion, polyurethane, amine, UV and resin coatings. Also applicable is the cleaning of build-up in production equipment, heat exchangers, shipping containers and storage tanks. PICO Chemical provides free, routine maintenance analysis on our cleaning products.

## TANK, TUB AND REACTOR CLEANERS & ACCELERATORS

### Adhesives, Urethanes & Paints (Acrylic, Alkyd)

## INK REMOVERS

### (Tub washers & Anilox rollers)
